Manual of Patent Examining Procedure, Section 713.04 Substance of Interview must be Made of Record

A complete written statement as to the substance of <u>any</u> face-to-fece or telephone <u>interview</u> with regard to an application <u>must be made of record in the application</u>, whether or not an egreement with the examiner wee raechad et the interview.

§1.133 Intarviews

(b) In every Inetence where reconsideration is requested in view of en Interview with en exeminer, a complete written statement of the reasons presented at the interview as werrenting fevorable action must be <u>filed</u> by the applicant. An interview does not remove the necessity for response to Office action as specified in §§ 1.111,1.135. (35 U.S.C.132)

§ 1.2. Business to be transacted in writing. All business with the Patent or Trademerk Office should be transacted in writing. The personal ettendence of applicents or their attorneys or egents at the Petent and Trademark Office is unnecessary. The action of the Patent and Trademark Office will be based exclusively on the written record in the Offica. No ettention will be peid to any elleged oral promise, stipulation, or understanding in relation to which there is disagreement or doubt.

The ection of the Petent end Trademerk Office cennot be besed exclusively on the written record in the Office if thet record is itself incomplete through the feilure to record the substance of interviews.

It is the responsibility of the applicant or the attorney or agent to make the substance of an Interview of record in the application file, unless the examiner indicates he or sha will do so. It is the exeminer's responsibility to see that such a record is made end to correct meterial ineccuracies which bear directly on the question of patentebility.

Exeminers must complete e two-sheet carbon interieaf Interview Summary Form for eech interview held efter Jenuery 1, 1978 whara a mattar of substence hee been discussed during the interview by checking the eppropriate boxes and filling in the blanks in neat hendwritten form using a ball point pen. Discussions regarding only procedural mattere, directed solely to restriction requirements for which interview recordetion is otherwise provided for in Section 812.01 of the Menual of Patant Exemining Procedure, or pointing out typogrephical errore or unreadable script in Office actions or the like, are excluded from the Interview recordation procedures below.

The Interview Summery Form shell be given en appropriate paper number, pleced in the right hand portion of the file, and listed on the "Contents" list on the file wrepper. The docket and serial register cards need not be updeted to reflect interviewe. In e personal interview, the duplicate copy of the Form is removed and given to the epplicant (or attorney or egent) et the conclusion of the interview. In the cese of e telephonic Interview, the copy is melled to the epplicant's correspondance eddress either with or prior to the next official communication. If edditionel correspondence from the axaminer is not likely before en ellowence or if other circumstances dictate, the Form should be mailed promptly after the telephonic interview rather than with the next official communication.

The Form provides for recordetion of the following information:

- Serial Number of the epplication
- -Nema of epplicant
- -Name of exeminer
- Dete of Interview
- -Type of interview (personal or telephonic)
- -Name of participant(s)) (epplicant, ettorney or egent, etc.)
- -An indication whether or not an exhibit wes shown or e demonstration conducted
- -An Identification of the claims discussed
- An identification of the epecific prior ert discussed
- An indication whether en egreement was reached end if so, a description of the general nature of the agreement (may be by attachment of a copy
 of amandments or claims agreed eabeing atlowable). (Agreemente as to allowability are tentative and do not restrict further action by the examinar to the
 contrary.)
- The signeture of the exeminer who conducted the Interview
- Nemes of other Petent end Tradamerk Office personnel prasent.

The Form elso conteins a stetement reminding the epplicant of his responsibility to record the substence of the interview.

it is desireeble that the exeminer orelly remind tha applicant of his obligation to record the substance of the interview in each casa unless both applicant and examiner agree that the exeminer will record same. Where the exeminer egrees to record the substance of the interview, or when it is adequately recorded on the Form or in a stechment to the Form, the exeminer should check a box at the bottom of the Form informing the applicant that he need not supplement the Form by submitting a separata record of the substance of the interview.

it should be noted, however, thet the interview Summery Form will not normally be considered e complete and proper recordation of the interview unless it includes, or is supplemented by the applicant or the exeminer to include, ell of the epplicable iteme required below concerning the substance of the interview:

A complete and proper recordation of the substance of any interview should include at least the following epplicable items:

- 1) A brief description of the neture of any exhibit ehown or any demonstration conducted,
- 2) an identification of the cleims discussed,
- 3) en identification of specific prior ert discuesed,
- 4) en identification of the principal proposed amendments of e substantive nature discussed, unlese these are alreedy described on the Interview Summary Form completed by the examiner,
- 5) a bnef identification of the generel thrust of the principel erguments presented to the exeminer. The Identification of erguments need not be lengthy or eleborete. A varbetim or highly deteiled description of the erguments is not required. The Identification of the erguments is sufficient if the general neture or thrust of the principal arguments mede to the examiner cen be understood in the context of the epplication file. Of course, the applicant mey desire to emphasize and fully describe those arguments which he feels were or might be persuasive to the examiner.
- 6) a general Indication of any other pertinent mattere discussed, end
- 7) if appropriate, the general results or outcome of the interview unless elready described in the interview Stimmary Form completed by the examiner.

Exeminars are axpected to carefully raviaw the epplicant's record of the eubstance of en interview. If the record is not complete or eccurete, the exeminer will give the epplicant one month from the date of the notifying letter or the remeinder of eny period for response, whichever is longer, to complete the response and thereby evold abendonment of the application (37 CFR 1.135(c)).

Examiner to Check for Accuracy

Applicant's euromery of whet took piece et the interview should be carefully checked to determine the eccuracy of any argument or stetement ettributed to the exeminer during the interview. If there ie en inaccurecy end it beers directly on the question of patentability, it should be pointed out in the next Office letter. If the claims are ellowebla for other reasons of racord, the examiner should eend eletter setting forth his or her varsion of the statement attributed to him: If the record is complete end eccurate, the examiner should place the indication "interview record OK" on the peper recording the substance of the interview elong with the date end the examiner's initials.
